

History of Modern Palestine: The Birth, Struggle, and Future of a Nation

Palestine is a land of ancient history and modern conflict. For centuries, it has been a crossroads of civilizations, a place where different cultures and religions have met and mingled. In the 20th century, Palestine became the

focus of one of the most intractable conflicts in the world, the Arab-Israeli conflict.

History of Modern Palestine is the definitive history of this complex and troubled land. Written by leading historian Ilan Pappé, the book traces the history of Palestine from its Ottoman origins to the present day. Pappé provides a comprehensive and nuanced account of the major events that have shaped Palestine's history, including the rise of Zionism, the British Mandate, the Arab-Israeli wars, and the Oslo peace process.
