

International Arbitration: A Comprehensive Guide for Practitioners, Second Edition

International arbitration is a widely used method for resolving disputes arising from international commercial transactions. It is a private, consensual process that allows parties to choose their own arbitrators and to tailor the arbitration proceedings to their specific needs.

The second edition of "International Arbitration: A Practical Guide" is a comprehensive guide to the international arbitration process. It provides practical advice and guidance on every aspect of arbitration, from drafting arbitration agreements to enforcing arbitration awards.

What's New in the Second Edition?

The second edition of "International Arbitration: A Practical Guide" has been fully updated to reflect the latest developments in international arbitration law and practice. The book includes new chapters on:
